

On behalf of our client, a custom steel foundry, we are currently accepting resumes for the following professional opportunity listed below. Our client is the leading North American supplier of heat resistant cast steel products.

POSITION: Static Casting Cleaning Room Supervisor

LOCATION: Orillia, ONTARIO

Reporting to the Manager of Production, this position is responsible for the supervision of all static casting cleaning operations, including grinding, welding and heat treatment to finish castings in an efficient manner using safe practices.

RESPONSIBILITIES

- Attain high production levels by meeting Company standards, maintaining high quality base on all production castings and maintaining a clean work environment
- Ship product to customers on time and to be flexible in planning to allow for rush orders, breakdowns etc.
- Plan for manpower utilization and subordinate development
- Maintain close communications with other department supervisors, managers, suppliers and technical support
- Ensure all work is carried out safely and in accordance with applicable regulations & procedures

REQUIREMENTS

- Previous experience in a foundry setting and experience in grinding operations, welding and heat treat would be a definite asset.
- 5 years related experience
- Minimum Grade 12 High School Diploma
- Excellent communication and time management skills
- Occasional shift work required (once every few months)

COMPENSATION: \$50-55K/yr. + excellent benefits package

If you are interested in this opportunity and have the qualifications and drive to succeed with a solid organization that rewards effort and initiative, please forward your resume to and direct all inquiries to:
